Important Questions	Answers	Why this Matters:
<p>What is the overall deductible?</p>	<p>In-Network: \$7,000 individual, \$14,000 family</p> <p>Out of Network: \$14,000 individual, \$28,000 family</p> <p>Maximum amount that any one person will satisfy toward the annual family deductible: \$7,000 in-network, \$14,000 out-of-network</p>	<p>Generally, you must pay all the costs from providers up to the deductible amount before this plan begins to pay. If family coverage is elected, the full family deductible amount must be met before the plan will begin paying at the plan participation level.</p>
<p>Are there services covered before you meet your deductible?</p>	<p>Yes. Standard Preventive care services are covered before you meet your deductible.</p>	<p>This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/</p>
<p>Are there other deductibles for specific services?</p>	<p>No.</p>	<p>You don't have to meet deductibles for specific services.</p>
<p>What is the out-of-pocket limit for this plan?</p>	<p>In-Network: \$7,000 individual, \$14,000 family</p> <p>Out of Network: Unlimited individual, Unlimited family</p> <p>Maximum amount that any one person will satisfy toward the annual family out-of-pocket. \$7,000 In-Network / Unlimited Out-of-network</p>	<p>The out-of-pocket limit is the most you could pay in a year for covered services. Embedded Out-Of-Pocket Maximum means if you have family coverage, any combination of covered family members may help meet the family Out-of-Pocket maximum. However, no one person will pay more than his or her embedded individual Out-Of-Pocket maximum amount.</p>

What is not included in the out-of-pocket limit?	Penalties, premiums, balance billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.

All copayment and coinsurance costs shown in this chart are after your deductible has been met, if a deductible applies.
